BLM Outdoor Recreation Planner
P.O. Box 1828
Cheyenne, WY 82003-1828

Dear Mark:

Attached is a copy of the letter sent to all outfitters with outstanding camp inspections. I have written the type of land on which they are authorized to operate (Forest Service - FS; BLM - just that!); PRI - private; and ST - State). You will notice some operate on private and state and might be on BLM land without permits.

If the district offices have conducted an inspection on any of these permittees please let me know. Thank you very much for your continued help and cooperation.

Sincerely,

Jane Flagg, Administrator

Dear Mr. Hulse:

We are sending this letter to all outfitters who have outstanding camp inspections. Due to a change in the Board's rules and regulations, these inspections may be waived by the Board. We have found that some inspections are included with the issuance of BLM and Forest Service permits so our investigators would be duplicating something which has already been completed. Therefore your inspection will remain as an ongoing matter, however in no way affects your license.

Please feel free to contact me with any questions you may have

Thank you.

Willow Creek Ranch
P.O. Box 10
Kaycee, WY 82639

Dear Mr. Vieh:

We are sending this letter to all outfitters who have outstanding camp inspections. Due to a change in the Board's rules and regulations, these inspections may be waived by the Board. We have found that some inspections are included with the issuance of BLM and Forest Service permits so our investigators would be duplicating something which has already been completed. Therefore your inspection will remain as an ongoing matter, however in no way affects your license

Please feel free to contact me with any questions you may have

Thank you.

Sincerely,

Jane Flagg, Administrator
